8. Hirers may in some cases be allowed to operate the light and sound equipment providing that they are considered technically competent by the technical manager however, no observers, friends etc. will be allowed in the control room.
9. The tallescope must not be used under any circumstances without the resident technician being present at all times.
10. Although it may be possible for the hirer to leave their own equipment in the building, it is done solely at the risk and liability to the hirer. The Stiwt will take no responsibility for equipment left on the premises.
11. The use of pyrotechnics is allowed but with the hirer giving 6 week's notice so that the applications with the relevant authorities can be obtained. They will not be allowed without this notice.
12. All set and cloths MUST be flame proofed. If the set is hired then the Stiwt must be given confirmation from the hirer that it is flame proof. If the hirer has flame proofed their own equipment then the Stiwt technical manager will test the material to ascertain that is sufficiently flameproof.
13. All Stiwt staff have been cleared on the C.R.I.B register for working with children under the child protection act. It is the hirer's responsibility to ensure that their staff and helpers are cleared in the same way.
